Resume Objective

Career-driven and passionate front-end, entry-level back-end and mobile application developer adept in front-end technologies including HTML, CSS and JavaScript, with in-depth knowledge and extensive experience in modern frameworks like React. Proficient in API Integration and committed to coding best practices. Eager to help create solutions to world problems using the power of AI.

Experience

INFORMATION TECHNOLOGY INSTRUCTOR (*Intern*) | 05/2023 - 02/2024

Aptech Computer Education - Ota, Ogun State, Nigeria

- ✧ Prompted student's technological development, regularly assessing progress with material and adapting strategies
- ✧ Demonstrated patience when explaining complex concepts to students struggling with material comprehension
- ✧ Developed contemporary lesson plans to effectively cover wide range of technology skills
- ✧ Maintained positive classroom environment by implementing effective classroom management strategies
- ✧ Fostered critical thinking skills among students by asking thought-provoking questions during lessons
- ✧ Assisted students in creating personal websites with HTML, CSS, JavaScript and CSS frameworks like Bootstrap etc.

SOFTWARE DEVELOPMENT INTERN | 04/2024 - 05/2024

Prodigy InfoTech

- ✧ Actively engaged in practical learning, applying my theoretical knowledge to real-world software development projects.
- ✧ Worked diligently on assigned projects, meeting specific deadlines, and demonstrating my ability to manage time effectively and deliver quality work under pressure.
- ✧ Ensured compliance with all company policies and procedures applicable to non-employee interns, maintaining a high level of professionalism in all tasks.
- ✧ I collaborated with experienced developers, learning from their expertise, and contributing to the team's goals.
- ✧ I continuously improved my coding skills and stayed updated with industry trends, effectively contributing to project development.

Projects

HealthCare Dashboard

The website is a healthcare dashboard designed to help professionals track patient data. It displays various health metrics such as blood pressure, respiratory rate, heart rate, temperature, and diagnostic history over time. Each patient has a detailed profile with personal information, contact details, and insurance provider information. The interface allows easy access to multiple patients' data, and visualizes trends in health metrics over several months, helping healthcare providers monitor and manage patient care effectively.

Plant Palce

A sophisticated plant e-commerce platform offering a diverse selection of indoor and outdoor beautification plants, equipped with intuitive sorting features and seamless purchasing options for users to enhance their living spaces effortlessly.

Fit4Life

A comprehensive fitness platform offering personalized workout routines, class schedules, and membership registration for both indoor and outdoor fitness enthusiasts.

Text Redaction Application

A versatile text-redaction application empowering users to seamlessly redact sensitive words or symbols from their text, with customizable options to share securely across various social media platforms.
